

Asthma prevention and management in children and adolescents

Webinar 2

Thursday, 23 JUN 2022 19:00–20:15 (Hong Kong time)

We are pleased to invite you to the second of six webinars of Healthy Lung Masterclass Asia – an educational programme developed exclusively for primary care physicians across Asia, in collaboration with the World Organization of Family Doctors (WONCA).

The webinar series will feature the latest updates and expert perspectives on key topics in asthma care, such as diagnosis, management of paediatric and adult asthma, monitoring, timely referral, and patient education.

In this webinar, esteemed experts will discuss asthma prevention and severity-based management, including acute asthma care in childhood and early adulthood. Strategies to address gaps in primary care in Asia will be reviewed.

Dear Members and Associate Members,

1. The next webinar on asthma will be held on June 23, 2022. Please remember to attend. Details on the remaining 4 webinars in the series are provided below.
2. Two webinars on cardiology will be arranged for July 11, 2022, available through to December 31, 2022. Please see details on the 'Coming Events' page of the website.
3. Dr Ho Chung Ping (何仲平醫生) will be standing for election for President in the coming HKMA election. Dr Ho is a long-time member of the Society. He has contributed actively to the work of the Society, including organizing and giving many excellent lectures for Society members. He has contributed a lot to the medical profession and was past president of the HKMA. I urge you to give him your full support.
4. IQVIA is an American multinational healthcare information technology and clinical research company with offices in over 100 countries. It invites doctors with their own clinics to participate in a scheme to provide the Company with data on their monthly purchase of drugs. Data provided to the Company will be kept confidential, combined to a large data set and only used for the purpose of market analysis. Doctors will sign an open-ended agreement subject to a minimum of providing 6 months of service. The Doctor will receive a one-off incentive payment of HK\$5000, drug data reports and free copies of MIMS publications upon signing the agreement. If you are interested in participating, please send a name card to Stephanie Wong at Stephanie.Wong@iqvia.com. Stephanie will contact you for discussion and provide further information.
5. I am looking forward to meeting with you again when we start our face-to-face meetings, after the threat of the epidemic is cleared.

Dr. Lam Tat Chung, Paul (林達聰醫生)

FRCP, FRCPsych, FHKAM(Medicine), FHKAM(Psychiatry)
President
